

**COLLECTIVE ACTION**

Everyone (communities, facilities, districts) is together for this goal. We are one!

**SELF-RELIANCE**

We can own and solve our problems.

**COMPREHENSIVENESS**

Raising happy and healthy adolescents and young people is complicated. All hands on board!

**EMBEDDEDNESS**

HAY! is part of us. HAY! builds on our structures and strengths.

**TRANSPARENCY**

We all understand our important roles and what is expected.
