

Teen pregnancies decrease

Young people feel welcome at facilities

Happy and healthy young people

Young people family planning and health needs met

Districts embrace young people

Village health teams (VHTs) serve young people

Young people feel supported by communities and parents

Young people innovations

**COLLECTIVE ACTION**

Everyone (communities, facilities, districts) is together for this goal. We are one!

**SELF-RELIANCE**

We can own and solve our problems.

**COMPREHENSIVENESS**

Raising happy and healthy young people is complicated. All hands on board!

**TRANSPARENCY**

We all understand our important roles and what is expected.

**EMBEDDEDNESS**

HAY! is part of us. HAY! builds on our structures and strengths.
